El P Jaro Escritor Manolo Yag E.,Manolo Yagüe,2012-09 El pájaro escritor es único en su especie: se trata de un hombre diminuto que vive encerrado en una pajarera y se pasa el día, muy a su pesar, escribiendo. El pájaro escritor se compone de trece relatos de sorprendente factura: la conducta insensata de dos ancianos japoneses ante el desastre de Fukushima; un hombre que a todas horas escucha caer una gota y cuya mujer incuba un feto de dos cabezas; un niño que desaparece durante el juego del escondite; un barrendero que vive en el interior de una baldosa por temor a cruzar líneas en el suelo; un padre fallecido que se le aparece a su hijo en la forma de una ridícula..., en fin, mejor que lo lean. Ejemplos de personajes cotidianos o risibles, a los que les sucede por un momento algo extraordinario o simplemente extraño: el arte de la literatura lo transforma en una metáfora de sus vidas. El humor, a veces negro, pero siempre compasivo, está entretejido de forma inevitable con la tragedia o el drama, como nos demuestran estos relatos ingeniosos y de fácil lectura, aunque no simples. Son, muy al contrario, cuentos cargados de profundidad emocional y humana.

The Obscene Bird of Night José Donoso,2003 This haunting jungle of a novel has been hailed as a masterpiece by Luis Bunuel and one of the great novels not only of Spanish America, but of our time by Carlos Fuentes. The story of the last member of the aristocratic Azcoitia family, a monstrous mutation protected from the knowledge of his deformity by being surrounded with other freaks as companions, *The Obscene Bird of Night* is a triumph of imaginative, visionary writing. Its luxuriance, fecundity, horror, and energy will not soon fade from the reader's mind -- Back cover

*The Drowning Girl* Caitlin R. Kiernan,2012-03-06 “With *The Drowning Girl*, Caitlín R. Kiernan moves firmly into the new vanguard, still being formed, of our best and most artful authors of the gothic and fantastic—those capable of writing fiction of deep moral and artistic seriousness.”—Peter Straub India Morgan Phelps—Imp to her friends—is schizophrenic. She can no longer trust her own mind, convinced that her memories have somehow betrayed her, forcing her to question her very

identity. Struggling with her perceptions of reality, Imp must uncover the truth about an encounter with a vicious siren, or a helpless wolf who came to her as a feral girl, or something that was neither of these things, but something far, far stranger...

How I Became a Nun César Aira, 2007-02-28 A good story and first-rate social science.—New York Times Book Review. A sinisterly funny modern-day *Through the Looking Glass* that begins with cyanide poisoning and ends in strawberry ice cream. The idea of the Native American living in perfect harmony with nature is one of the most cherished contemporary myths. But how truthful is this larger-than-life image? According to anthropologist Shepard Krech, the first humans in North America demonstrated all of the intelligence, self-interest, flexibility, and ability to make mistakes of human beings anywhere. As Nicholas Lemann put it in *The New Yorker*, Krech is more than just a conventional-wisdom overturner; he has a serious larger point to make. . . . Concepts like ecology, waste, preservation, and even the natural (as distinct from human) world are entirely anachronistic when applied to Indians in the days before the European settlement of North America. Offers a more complex portrait of Native American peoples, one that rejects mythologies, even those that both European and Native Americans might wish to embrace.—Washington Post My story, the story of 'how I became a nun,' began very early in my life; I had just turned six. The beginning is marked by a vivid memory, which I can reconstruct down to the last detail. Before, there is nothing, and after, everything is an extension of the same vivid memory, continuous and unbroken, including the intervals of sleep, up to the point where I took the veil . So starts Cesar Aira's astounding autobiographical novel. Intense and perfect, this invented narrative of childhood experience bristles with dramatic humor at each stage of growing up: a first ice cream, school, reading, games, friendship. The novel begins in Aira's hometown, Coronel Pringles. As self-awareness grows, the story rushes forward in a torrent of anecdotes which transform a world of uneventful happiness into something else: the anecdote becomes adventure, and adventure, fable, and then legend. Between memory and oblivion, reality and fiction, Cesar Aira's *How I Became a Nun* retains childhood's main treasures: the reality of fable and the delirium of invention. A few days after his fiftieth birthday, Aira noticed the thin rim of the moon, visible despite the rising sun. When his wife explained the phenomenon to him he was shocked that for fifty years he had known nothing about something so obvious, so visible. This epiphany led him to write *How I Became a Nun*. With a subtle and melancholic sense of humor he reflects on his failures, on the meaning of life and the importance of literature.

**Ecology of Central European Forests** Christoph Leuschner, Heinz Ellenberg, 2017-09-22 This handbook in two volumes synthesises our knowledge about the ecology of Central Europe's plant cover with its 7000-yr history of human impact, covering Germany, Poland, the Netherlands, Belgium, Luxembourg, Switzerland, Austria, Czech Republic and Slovakia. Based on a thorough literature review with 5500 cited references and nearly 1000 figures and tables, the two books review in 26 chapters all major natural and man-made vegetation types with their climatic and edaphic influences, the structure and dynamics of their communities, the ecophysiology of important plant species, and key aspects of ecosystem functioning. Volume I deals with the forests and scrub vegetation and analyses the ecology of Central Europe's tree flora, whilst Volume II is dedicated to the non-forest vegetation covering mires, grasslands, heaths, alpine habitats and urban vegetation. The consequences of over-use, pollution and recent climate change over the last century are explored and conservation issues addressed.

*Song of the Simple Truth* Julia de Burgos, 1995-11-01 *Song of the Simple Truth* (Canción de la verdad sencilla) is the first bilingual edition of Julia de Burgos' complete poems. Numbering more than 200, these poems form a literary landmark—the first time her poems have appeared in a complete edition in either English or Spanish. Many of the verses presented here had been lost and are presented here for the first time in print. De Burgos broke new ground in her poetry by fusing a romantic temperament with keen political insights. This book will be essential reading for lovers of poetry and for feminists.
