Peter Shearman

Vietnam: Asia's Rising Star Brook Taylor, Sam Korsmoe, 2023-10-15 The drivers behind the world's most exciting growth story. For more than 25 years, Vietnam has been one of the most dynamic countries in the world in terms of GDP growth, trade, investment, and other business metrics. The key question is whether or not the country can continue this growth for another 25 years. If it can, Vietnam will become a high-income country like South Korea and Taiwan, the original Tiger Economies of Asia. Engaging in conversations about Vietnam's future is challenging. Locals are often too focused on the present while foreigners are caught up in legacy and political issues of the past. Many observers also focus on the short term, a specific economic metric, or inevitably Vietnam's political system without considering the big picture or recognizing long term trends. The authors researched and analyzed a broad range of drivers to assess a possible future for Vietnam, and Vietnam - Asia's Rising Star is the result of these efforts. What Others Are Saying "Vietnam - Asia's Rising Star should be read by anyone with an interest in Vietnam and anyone else with an interest in the future of Asia." —Carlyle A Thayer, professor emeritus, University of New South Wales, Canberra

The Globalization of World Politics John Baylis, Patricia Owens, Steve Smith, 2017 This title provides an introduction to international relations (IR), supporting over 300,000 students taking their first steps in IR and beyond.

Russian Foreign Policy Since 1990 Peter Shearman, 2018-02-12 A book which brings together leading experts on Russia's foreign relations, providing the most comprehensive coverage of contemporary Russian foreign policy currently available in a single volume. Detailed case studies of relations with specific countries and regions are complemented by chapters that examine the process of decision making, conflict between domestic institutional actors, the role of groups such as the military and Russia's search for a new identity.

False Starts Casey Stockstill,2023-11-14 False Starts is an intimate portrayal of how segregated preschools fall short in offering poor children of color the experiences they deserve to thrive--

AI To Robotics Dr. Dinesh Kumar Singh,Dr. Devesh Katiyar,Mr. Gaurav Goel,2022-09-01 Robot Operating Systems (ROS), Python, robotic basics, and the necessary software and tools are covered first in Artificial Intelligence for Robotics. Basic navigational abilities and decision-making knowledge in robots will be taught to you. The robots will be able to recognise and pick up an irregular item if you've gone through the chapters and taught them about object recognition & genetic algorithms. Throughout, you'll find plenty of real-world examples to employ as you dive into the worlds of natural language processing as well as machine learning to give your robot an edge. Path planning & goal-oriented programming are covered in the last chapters to assist your robot to prioritise its work. By the book's conclusion, you'll understand how to use artificial intelligence simulation to provide your robot with a distinct personality.

Economics of Means-Tested Transfer Programs in the United States, Volume II Robert A. Moffitt,2016-11-15 Few programs in the United States are as controversial as those that constitute the country's safety net, which in the past few decades have been broadly transformed and substantially increased in size and scope. Many of these programs were discussed in the popular NBER book, Means-Tested Transfer Programs in the United States, published in 2003. This new book sheds light on changes in programs and the results of new research since the first volume. Each volume of Economics of Means-Tested Transfer Programs in the United States explores four programs in particular. This second volume looks into the less standard or newer transfer programs, which include Supplemental Security Income, Low-Income Housing Policy, Employment and Training Programs, and Early Childhood Education. Both volumes of Means-Tested Transfer Programs in the United States will constitute a unique, single-source reference containing analysis of the origins, successes, failures, and developments in the most important recent means-tested transfer programs in the United States.

Uncollected Stories of William Faulkner Noel Polk,John D. Hart,1990

While Wandering Duncan Minshull,2014-09-04 'A book to start your heart and feet beating for the road' The Times With its stories of strolling, poems about pavement-pounding and wonderings on wandering, this is the indispensable collection for the flâneur and the rambler - and everyone in between. Take a turn with Jane Austen, stride side by side with Colm Tóibín, let restless William Wordsworth lead you through brook and road before a detour with Stella Gibbons to the park. Whether mountaineering with Mark Twain or visiting Oxford Street with Julian Barnes - be sure to take this anthology with you on your ambulations. With a new foreword by Robert Macfarlane. Previously published with the title The Vintage Book of Walking

The Complete Works of Robert Browning Robert Browning,2007 Annotation In the 1880s, the aging Browning showed once again the remarkable versatility of his lyric and narrative talents. Ranging across eras and cultures, the books here

reveal his late thoughts about history, myth, legend, faith, love, and desire. He had never been more popular, and the founding of the Browning Society in 1881 expanded both his audience and his sense of his place in English letters. The first title in Volume XV is *Dramatic Idylls, Second Series* (1880). Taking his subjects from classical history, colonial India, Arabian legend, medieval sorcery, Jewish folk tales, and Greek myth, Browning startles the reader with the rapidity of his thought and the inventiveness of his art. In *Jocoseria* (1883) Browning's subjects range across time and space from Hebraic legend to the England of the Romantics. Such variety helped attract new readers: *Jocoseria* was immediately successful, and a second edition was printed in the same year as the first. Although Browning's next volume, *Ferishtah's Fancies* (1884), was so popular that three editions were printed in less than two years, this artful string of anecdotes and lyrics has attracted little favorable criticism. The materials—Persian legends and Arabic backgrounds—chimed with the wildly popular Orientalism of FitzGerald's *Rubáiyát*, Whistler's *Peacock Room*, and Alma-Tadema's paintings. But the thought was pure Browning in his most optimistic vein, and not at all in tune with the growing pessimism of the day. As always in this series of critical editions, a complete record of textual variants is provided, as well as extensive explanatory notes.
